

MATHDebate - The Voice of Students - Searching Excellence in Math Education through Increasing the Motivation for Learning

Reference number: 2016-1-MK01-KA201-021659

Implementation period: December 2016 – November 2018

Topics of the Project

- - Key Competences (incl. mathematics and literacy) basic skills;
- - New innovative curricula, educational methods;
- - Development of training courses;
- - ICT - new technologies - digital competences;

Priorities addressed by the project:

- ✓ Addressing underachievement in the basic skills of maths, science and literacy through more effective, innovative teaching methods;
- ✓ Sustainable investment, performance and efficiency in education and training.

Intellectual outputs:

- ❖ Analysis of teaching methodology
- ❖ Developing of MATHDebate method and e-platform
- ❖ Guidelines and Guidebook of MATHDebate method
- ❖ Evaluation and reports for MATHDebate method
- ❖ Development of training courses for teachers for using the MATHDebate method, as a new method for increasing the motivation for learning Mathematics.
